

Remember the 2010 snowstorms? Winterize before this happens again.

WINTERIZING AND STORING YOUR RV

Fall is the time of year you need to decide if your camping season is over. Unless you are a full-time RVer or live in an area where temperatures don't drop below freezing for any length of time, you need to take steps to protect your RV from Mother Nature during the winter. Parking your RV for the winter requires some preventive measures so it will be ready to use next spring.

Don't have time for winterizing your RV? You will pay only **\$49.95** if you drive it to Delaware Camping Center in Georgetown, DE and let our service department take care of it.

Can't Bring Your RV To US?

If you are in-state and within a 35 mile radius of Delaware Camping Center, our Mobile Service Unit can come to your site and winterize for only **\$99.95**. Out of state requires an additional charge.

Above prices include up to 3 gallons of RV antifreeze. Additional charges may apply if your RV has an ice maker, washer and dryer, or no water heater bypass.

Don't wait! Our service schedule fills up quickly. **Call us today at 302-856-4300** and ask for the service department to schedule your appointment. You'll be glad you did when you don't have costly repair bills next spring due to the damaging results of winter.

NEW THIS YEAR – Boat Storage

September 1, 2010 through April 1, 2011
